

CO-FOUNDER WANTED

Are you looking for an opportunity? With us you can make a difference in an ambitious AR start-up!

Kalam Labs is a Kid's Virtual Science Playground. We help Kids explore Science through a Scientist-Guided 3D Learning Environment. Our product has been felicitated as Top International Ed-Tech Innovation by Finland Govt. Body Akava, and has generated 100+ paying customers within 2-weeks of launch.

We are a bootstrapped ed-tech startup and have received \$15k USD as equity-free cash grants from Dept. of Science & Technology, India. Further, our prior products have been incorporated by India's largest educational body, NCERT and have been launched by India's Education Minister for free public use.

We plan to expand into the European Ed-Tech market. We have already established a collaboration with French-Ed Tech startup Happee Learning Pvt. Ltd. With the German co-founder we seek to have an approach towards the German speaking students as well.

We require the co-founder to have formal or informal sales and marketing experience. Coding skillsets is not necessary. The responsibilities would be to lead the European market adoption of Kalam Labs.

If you feel prepared, send us your motivation letter for your apply.
